

Lyons Township Highway Department

As time and weather permit the Highway Department will circulate throughout the Highlands to pick up branches no bigger than a 4" diameter with their wood chipper. Please stack branches neatly with cut end towards the road. This service is meant as a pruning/storm damage service. For entire tree removal, please contact a tree removal service.

This service is provided for residents only. Landscapers or contractors must haul away their own branches/trees.

The Highway Department will not pick up branches from an entire tree or the clearing of an entire lot. Twigs, leaves, weeds, grass clippings, tree stumps, dirt or vines should be placed in a yard waste container. Construction lumber and materials will not be picked up and should be placed in the garbage.

If you have any questions or if your pile was not picked up and you received this letter and the problem is now fixed, please call 708-839-0051. Or email lyonstwp.hwy@sbcglobal.net
